Você fala português?

你(会) 普通化?

Based on new or increased service to certain destinations in Europe, Brazil, and China we are seeking Hungarian, Finnish, Portuguese, and Mandarin speakers. If you speak any of these four (4) languages and would like to become a qualified speaker, please place a check mark next to the language listed below and return this form with your *Accept/Reject Re-employment & Base Preference Form*.

In order to become a qualified language speaker, you must successfully pass a test administered by *University Language Center (ULC)*. Tests are administered via the telephone and usually last 15 to 20 minutes. You must achieve at least an “Intermediate-High” rating on the speaking portion of the test. Additionally you must achieve a four (4) out of a possible five (5) on the reading portion of the test.

If you qualify in one of these languages, you will be *eligible* (but not guaranteed) to hold a speaker proffer into one of the following bases: IOR (Chicago international), LAX-I, or JFK.

If you were previously qualified in French, Spanish, German, Italian, or Dutch you will maintain your speaker qualification upon returning to active status and you do not need to return this form. If you were not a qualified speaker in one of these languages and are interested in qualifying, you may do so after you return to active status on June 1st.

Yes! I speak one of the following languages and would like to take the test to become a qualified speaker (check all that apply):

___ **Finnish**

___ **Hungarian**

___ **Mandarin**

___ **Portuguese**
